

Compostable Food Prep Gloves

EcoSafe® compostable food service gloves make restaurant or commercial kitchen food prep a breeze. Available in 3 sizes, there's a perfect fit for everyone. Our compostable gloves are food contact certified and don't leave a powder coating on your hands like traditional plastic options. When you're finished working, simply toss these gloves into your green bin with the rest of your food scraps. Comfy, easy, and environmentally friendly, our food prep gloves are superior to traditional latex and nitrile gloves in almost every way. Find [where you can buy](#) our compostable gloves today.
